

# BONTERRA

## Home Comfort & Energy Saving Features

- Certainteed Landmark® Solar Reflective shingle, cool roof that delivers higher solar reflectance, reducing heat transfer
- Solar ready—pathway to electrical panel, including solar area on roof for future solar panels
- Insulated, fiberglass entry door with view hole
- Dual glazed, Low-E, energy-efficient, white vinyl windows and sliding patio door to rear yard
- Energy-efficient LED carriage lights on garage
- Conduit for electric vehicle charging station at garage
- Professionally designed, drought-tolerant front yard landscaping, includes irrigation system with timer and drip system in bedding
- Energy-saving weather stripping on all exterior entry doors (excluding side door entry to garage)
- 2-coat exterior stucco system with double 60-minute paper provides greater strength and increased weather protection
- Low VOC carpet and interior paint for improved indoor air quality
- Convenient indoor laundry plumbed for gas hookup
- Exhaust fans in laundry and all baths—baths include humidistat to help remove excess humidity
- Smoke detectors in all bedrooms, and a carbon monoxide detector in all plans for your safety
- Programmable thermostat for easy temperature control
- QuietCool® whole-house ventilation—allows cool air to be drawn inside at cooler times of the day, reducing the need for air conditioning
- Energy-efficient gas water heater
- Engineered fire sprinkler system throughout
- All homes meet or exceed California Energy Conservation requirements
- All homes are HERS certified with on-site, third-party inspections to ensure quality, energy efficiency and comfort

## Exterior Features

- Architectural designs in the traditions of Mediterranean, Craftsman and Traditional
- Charming covered front porch on all exterior designs
